

Who is POWERHOUSE Solar?

Since 2020, POWERHOME SOLAR has been a distributor of equipment from Generac Power Systems, an American manufacturer of backup power generation products for residential and commercial markets.

Is POWERHOUSE Solar a good company?

Since launching the company in 2014, POWERHOME SOLAR has been doing good things for the planet and good things for people, and the new brand better conveys that mission. Pink Energy remains committed to protecting the environment by providing homeowners with cleaner, greener sources of energy.

What's new at POWERHOUSE Solar?

Since 2014, POWERHOME SOLAR has been providing clean energy solutions to customers across the country and now they will continue as Pink Energy. "Our team is excited about launching a new name that is more relevant today and reflective of the evolution of our company," said Jayson Waller, CEO of Pink Energy.

Did power home solar deliver on sales pitches?

Numerous customers from around Ohio and the country filed complaints and lawsuits claiming Power Home Solar never delivered on its sales pitches. Now, the Ohio Attorney General's Office has made a move against the company. "The whole process was just really misleading," said Phil Luketic.

Does powerhome provide backup solar batteries?

Two years ago, PowerHome announced a partnership with Generac. Aside from providing backup solar batteries, they were also providing solar parts - specifically called Snap RS. Around the time our story aired, Waller said he discovered the Snap RS systems were defective.

Does powerhome solar cut the cord to the utility companies?

The claim from PowerHome Solar was that you can cut the cord to the utility companies. But all customers we talked with said that wasn't true, including many who said they were paying more for the monthly payments for the solar panels than they were for their DTE bill, which was still over \$200.
