Could Duke Energy's electric vehicle charging program work in North Carolina?

Duke Energy has proposed an electric vehicle (EV) charging program that could allow some residential customers in North Carolina to charge a vehicle for a fixed monthly fee as low as \$19.99. In exchange, the customer would allow Duke to manage the vehicle's charging, in order to avoid grid stress and higher costs.

How will the charging work at Duke?

The charging will be managed by Duke, making use of rates that vary by time of day and other pricing signals Duke is building into its rate schedules to maximize efficiency, control peak-time demand, increase convenience for the customer and reduce carbon emissions on the electric system.

What is the new entrance of Duke Raleigh Hospital?

With the new building and renovations in the North Pavilion, Duke Raleigh Hospital will have a new unified front entrance off Wake Forest Road in 2022. An outdoor courtyard with dining areas, a tranquility garden and walking paths provides patients and visitors an opportunity to enjoy fresh air and sunshine.
