

How much does solar cost in Tennessee?

Take control of your energy costs with solar power. Average solar panel installation costs range from \$11,410 to \$32,600 in Tennessee. Your total costs depend on the size of your system, what incentives you're eligible for, how you pay and other factors.

Why is solar energy becoming more popular in Tennessee?

The adoption of solar energy, or solar photovoltaics (PV), is on the rise in Tennessee across residential, commercial, and utility-scale use cases, driven by decreasing installation costs, available financial incentives, and a growing commitment to sustainable energy sources.

Do solar panels pay off in Tennessee?

Based on feedback from dozens of solar customers in Tennessee, solar panel investments tend to pay off over time. Assuming an upfront purchase, it takes about 12.5 years to break even (when your savings with solar panels make up for the cost). The average solar panel installation costs \$3.26 per watt in Tennessee.

Is Solar worth it in Tennessee?

Several residents have told us that solar is worth it in Tennessee. For most, it's about saving on electric bills. Over 25 years, Tennessee homeowners with solar panels avoid \$51,774 in utility costs on average. For others, it's about gaining energy independence. "Whenever we have storms, it's nice to have a backup," David in Knoxville told us.

Are solar panels tax deductible in Tennessee?

There are some solar incentives available from the state and federal governments that make installing solar panels more appealing throughout Tennessee. One of the most substantial solar incentives is the federal solar tax credit (ITC). The ITC is a credit to your federal income taxes, and it totals 30% of your installation expenses.

Is solar a good investment in Tennessee?

Plus, energy usage in Tennessee is the second-highest in the entire country, which means installing solar will be more valuable in Tennessee than in almost every other state in terms of electricity consumption. How Much Is It To Go Solar in Tennessee?
