

Can you use a solar remote while charging a Samsung TV?

To maximize your Samsung solar remote's power and energy-saving benefits, leave it alone until it's done charging. Using your SolarCell Remote while it charges will result in a longer charging time. While your SolarCell charges, you can control your TV with the SmartThings app.

Does the solarcell remote work with a Samsung TV?

Note: The SolarCell Remote is composed of 24% recycled materials and is available for select 2021 and newer Samsung QLED TVs. A Samsung Account is required to use network-based Smart services. Without logging into a Samsung Account, access is limited to terrestrial TV (for models with tuners) and devices connected via HDMI.

How do you use a solar cell remote?

Place your remote wherever the light is. Leave the solar panel facing up and let the remote do its job and charge. Plus, the SolarCell Remote™ is here to make every option more sustainable, saving up to 200 million batteries from the landfill over the next seven years.\* Hungry for power?

How do I charge my Samsung solarcell remote?

Plug one end of the cable into the remote's charging port, and then plug the other end into a port on the TV or into a Samsung wall charger adapter. The LED (light-emitting diode) can be found at the top of the Samsung SolarCell remote, right above the circular direction pad. It explains the status of your remote.

Does the Samsung solarcell remote have replaceable batteries?

The newer model of the Samsung SolarCell Remote does not contain replaceable batteries. But, older models made between 2019-2021 have alkaline batteries that can be replaced by sliding off the back cover, removing the old batteries, and inserting the new batteries.

Why is my Samsung solar remote not charging?

If your Samsung solar remote won't charge with solar power, try charging it with a USB-C cable. If your remote still won't charge, troubleshoot to see if it is functioning properly. To check the status of your SolarCell Remote, press and hold the Return button and the Play/Pause button until you see "Remote is Connected" on the TV screen.
