

Seiko men s sup896 gold-tone and brown leather solar-power dress watch

Is Seiko sup896 a good dress watch?

With no complications or overwrought styling,Seiko's SUP896 is a very straightforward dress watch. If the small,rectangular shape and gold and brown color theme appeal to you,there is no reason to believe that it will be anything but a dependable and hassle-free dress watch.

Is suip896 a good watch?

Although it makes an unlikely candidate for an everyday use watch,the SUIP896 is rated as water resistant to 50 meters,so it will hold up to short submersions. While classified as a men's watch,at only 28 millimeters wide it is small enough to make a great option for a women's watch as well.

How accurate was the Seiko Quartz Astron?

The Seiko Quartz Astron was introduced in Tokyo on December 25,1969. It delivered unmatched performance. It was accurate to within 5 seconds per month,100 times more accurate than any other watch and it ran continuously for a year,or 250 times longer than most mechanical watches. The quartz revolution had begun.

Who is Seiko?

The story of Seiko began in 1881,when a 22 year old entrepreneur,Kintaro Hattori,opened a shop selling and repairing watches and clocks in central Tokyo. Today,after more than 130 years of innovation,Kintaro Hattori's company isstill dedicated to the perfection that the founder always strove to achieve.
