

How good is Sky Solar?

Recently had a 5.6kw system with 20 x 275w Risen panels and a Growatt inverter with a 10 year warranty installed by Sky Solar. Great customer service from Amber Alax Rhaya Justin and Jarrod and his installation team. A great product at a very competitive price and a totally effortless process on our part.

What is your experience with SkyPower Solar?

Our experience with SkyPower Solar has been excellent. From sales to construction to follow up, we have had a positive experience. As a medical center, we consume significant power and have a significant electric bill. With our electric energy cost savings, the ITC tax credit, and the accelerated depreciation, our payback for the entire system is close to 3 years.

What is Sky Power?

Sky Power is a Diamond Certified SunPower Elite Dealer. They service the Tri-Valley area. Sky Power offers SunPower solar panels, which are the highest efficiency on the planet and will produce ~20% more energy over the life of the system than conventional panels. Plus, their unique all-black looks blend in nicely with your roof.
