Is Sol Power a good company?

"Sol Power is a terrific company. A small, owner-operated and local company, they provide personal service that is unmatched. They are responsive to your concerns and personally walk you through the process from the beginning to signing off." - Carlton T "Having dealt with several solar installation groups over the years, Sol Power is the best.

What is SoL Energy?

SoL Energy is a full service PV engineering, procurement and construction (EPC) Contractor offering turn-key services in the design and installation of photovoltaic systems for residential, commercial and industrial customers.

Why should you choose Sol Power?

Choosing Sol Power is a decision to support your community. Dedicated Project Management - We do all our own work in house and we'll work closely with you throughout the project, from the site survey to design, installation, and monitoring.

Who is the best solar installation company?

"Having dealt with several solar installation groups over the years, Sol Power is the best. They have a one-stop shop for solar. The installation was flawless and they even spent time making sure the aesthetics of the roof layout were just right. If you are looking for solar installation, look no further." - Noah P
