

What types of power supplies does Sola/Hevi-duty offer?

Sola/Hevi-Duty offers a wide variety of power supplies that suit almost any industrial application. Updated approvals and user friendly features make power system design easy. Sola's product line includes one of the broadest ranges of DIN Rail and linear-based power supplies in the marketplace.

Why is Sola HD the most robust industrial-grade power supply?

This is why SolaHD took every measure possible to make very make the IP67 SCP-X the most robust industrial-grade power supply on the market today. Sola HD has introduced the new generation of high power, intelligent modular power supplies, range from 1500 through 4920 watts and were designed for optimum flexibility.

What is a solahd SDN-P DIN rail series power supply?

The SolaHD SDN-P DIN Rail Series power supplies provide industry leading performance. Sag Immunity,transient suppression and noise tolerant,the SDN-P Series ensures compatibility in demanding applications.

Does Sola/Hevi-duty offer ODVA power supplies?

As a member of the Open DeviceNet Vendors Association(ODVA),Sola/Hevi-Duty has designed two power supplies specifically for DeviceNet applications. Sola's SDN DeviceNet™ models meet ODVA specifications for power supplies for either Thin or Thick cable applications.

What features are retained in a Sola/Hevi-duty power supply?

Essential industrial features such as Sag Immunity,Power Factor Correction,and universal voltage input have been retained in this series. As a member of the Open DeviceNet Vendors Association (ODVA),Sola/Hevi-Duty has designed two power supplies specifically for DeviceNet applications.

What is a 'user friendly' power supply?

“User friendly” applies to these unique power supplies that feature easy-to-install DIN Rail and chassis mounting. The SFL series is a DIN Rail switching power supply series that complements the Sola SDN products with more input voltage,output voltage and power levels to give an even broader range of industrial DC power solutions.

Power Supplies. AC / DC Converters (66) DC / DC Converters (6) DC / DC UPS - Uninterruptible Power Supplies (2) Linear Power Supplies (1) Power Supplies - Miscellaneous (1) Power ...

SolaHD SDP124100T SDP Low Power DIN Rail Series Power Supplies are extra small, efficient units designed specifically for the industrial environment. ... Sola Hevi Duty. List Price: \$220.62 \$ Savings: \$ SDP1-24-100T. Manufacturer:: ...

small footprint makes these power supplies an excellent alternative to embedded open frame switchers. The DIN rail mounting capability provides quicker and easier installation ...

The S3K Series uninterruptible power supply protects against most severe power disturbances including over/under voltages through state of art, line-interactive technology - most power disturbance corrections are ...

The Sola IP67 power supplies are designed to withstand the harshest industrial environments and provide you with reliable performance across a wide temperature range. The SCP-X series mount directly on your ...

The compact, lightweight DIN Rail power supplies come in output voltages from 5 to 48 Vdc and power ratings of up to 100 Watts. These extra small, efficient units are designed specifically for the industrial environment. Each unit is rated from ...

As a member of the Open DeviceNet Vendors Association (ODVA), Sola/Hevi-Duty has designed two power supplies specifically for DeviceNet applications. Sola's SDN DeviceNet™ models meet ODVA ...

Some models are certified for Class I, Division 2 hazardous locations. Power supplies with single-phase input power supplies range from 15 to 480 Watts in 5, 12, 24 and 48 Volt combinations. ...

In the past we have used several SOLA 480 3ph to 24 VDC power supplies. I have been having problems with these supplies failing in the field. We've had three 40 A supplies ...

Power 15 W 30 W 50 W 100 W 92 W Power Boost 1.4 x nominal current for 2 s N/A Hold-up time >25 ms (full load @ Tamb +25°C) tolerance o Line regulation o Load regulation o ...

SFL Series, 75-600 Watt Power Supplies. The SFL series is a DIN Rail switching power supply series that complements the Sola SDN products with more input voltage, output voltage and power levels to give an even broader ...

The Sola SDN4-24-100LP has the highest output current possible while still meeting the requirements for NEC Class 2. ... Sola's SDN DeviceNet™ models meet ODVA specifications for power supplies for either Thin or Thick ...

The SolaHD SDN-P DIN Rail Series power supplies provide industry leading performance. Sag Immunity, transient suppression and noise tolerant, the SDN-P Series ...

IP67 SCP-X Extreme Environment Series The SolaHD IP67 SCP-X power supplies provide the versatility and cost efficiency to deliver reliable distributed and remote field power to machine ...

SolaHD total power quality solutions keep production lines operating efficiently while keeping workers,

equipment and information safe from damage. Protect your investment and keep costs down with our comprehensive line of products ...

SolaHD SDP424100RT SDP Low Power DIN Rail Series Power Supplies are extra small, efficient units designed specifically for the industrial environment. ... Sola Hevi Duty. List Price: \$376.58 \$ Savings: \$ SDP4-24-100RT. ...

This equipment is suitable for use in Class I, Division 2, Groups A, B, C, and D hazardous locations or non-hazardous locations only. WaRning --Explosion Hazard--Do not ...

More Information about Sola Power Supplies. Sola SLC 4 and 10 Watt encapsulated linears are available in dual and triple outputs for applications with sensitive electronics and analog circuitry. These encapsulated linears are ...

High Power Model (SCP 240S24X-CP1) o 10 A 24 Vdc output capacity provides more power in a stand-alone enclosure o oPower Boost up to 150% of nominal output (15 A) ...

Parallel operation, extensive LED diagnostics, and universal AC or DC input voltage simplify installation and maintenance. For added reliability, the SDN-C power supplies can be used ...
