

Does Harbor Freight have a solar battery charger?

Save 32% by shopping at Harbor Freight. Keep your vehicle's battery topped off with this solar battery charger. Designed to compensate for small, steady battery drains from the vehicle's clock or alarm system, this solar charger mounts easily to the windshield or dash and conveniently plugs into your car's 12 volt cigarette lighter port.

How does a solar charger work?

Designed to compensate for small, steady battery drains from the vehicle's clock or alarm system, this solar charger mounts easily to the windshield or dash and conveniently plugs into your car's 12 volt cigarette lighter port. With an amorphous crystal solar array, this solar...

What is a solar charge controller?

The charge controller reduces overall system maintenance and prolongs the life of your battery. This solar charge controller or "charge regulator" is capable of handling a solar cell array voltage of 15-25 volts. Be the first. This product has not yet been reviewed.

How much does a solar battery charger cost?

With an amorphous crystal solar array, this solar charger provides superior performance in bright sun and in partial shade. Compare our price of \$14.99 to SUNFORCE at \$21.99 (model number: 58012). Save 32% by shopping at Harbor Freight. Keep your vehicle's battery topped off with this solar battery charger.

How much does a Sunforce battery cost?

Compare our price of \$76.99 to SUNFORCE at \$99.04 (model number: 60032). Save 22% by shopping at Harbor Freight. Protect your 12 volt lead-acid or gel cell battery from overcharging and deep discharging with this 30 amp solar charge controller. The charge controller reduces overall system maintenance and prolongs the life of your battery.

How much does a solar charge regulator cost?

The regulator provides overcharge protection at 14 volts and discharge protection at 10.5 volts. Compare our price of \$16.99 to SCHUMACHER ELECTRIC at \$32.96 (model number: SPC7A). Save 39% by shopping at Harbor Freight. This solar charge regulator protects and regulates the charge of a 12 volt storage battery using solar panels.

This solar charge regulator protects and regulates the charge of a 12 volt storage battery using solar panels. The solar charge regulator features three LED indicators (high voltage, low voltage, charging) and three connections for the ...

The PREDATOR(TM) 350 Watt Power Station, 294 Wh Capacity fully charges up to 6 devices at once and

fully recharges in only 2 hours using AC and USB-C\*\*\* charging inputs. This power station is made with a reliable 294.4 Wh lithium ...
