How much does it cost to install solar in Bendigo?

Most Melbourne-based installers will also be happy to install in Bendigo with minimal (if any) travel costs. Based on a May 2020 data, a common 6kW Solar PV system would cost \$5,350 including GST and the federal rebate (but excluding the Solar Victoria rebate).

Who is Solahart Bendigo?

Since 1953, we've been the trusted name in Australian solar, installing over a million solar hot water systems in over 70 countries, and over 700,000 solar power panels in Australia. At Solahart Bendigo, we can help you future-proof your home's energy needs.

Does Bendigo have a solar rebate?

In Bendigo there is both a federal and state incentive scheme for renewable energy projects. The federal solar rebate provides an upfront rebate on the costs of Solar Panels based on the size of the system installed, the date of installation and the geographic 'zone' within Australia.
