

What are solar phone chargers good for?

Solar phone chargers are a great way to stay powered up on the go. They are portable, lightweight, and can be used to charge your phone or tablet. Whether you're an outdoor enthusiast or simply looking for an eco-friendly way to charge your devices, read our list of the best solar phone chargers and power banks.

What can solar chargers power?

Solar chargers can power your phone, headlamp, and other small tech. These portable gadgets marry solar panels with battery packs--they're small and lightweight enough to not add much heft to your pack and powerful enough to juice up your devices.

Can a solar phone charger be used anywhere?

A solar phone charger can juice up your devices from, well, anywhere, as long as there is sunlight to power them. Hook up a wire to a solar phone charger for Android and you can even start charging your phone from the middle of the forest. We meant it when we said anywhere. So what are the best options out there?

What devices can you charge with this solar charger?

This solar charger is a direct charger, so you will only be able to charge your phone (or other devices) while the panels are actively absorbing the sun. This charger comes with a USB-to-USB-C cable that can easily be switched out for any USB-to-whatever cable, though Apple products can be sticky.

How do solar phone chargers work?

Solar phone chargers work by trapping photons from natural sunlight and converting them into a DC electric charge. This charge can then be used to power up small electronics like smartphones, earbuds, and tablets. Some solar chargers can hold power and still be used later, while others are only a conduit for energy at the moment.

What is the best solar phone charger?

**Best Solar Charger Panels:** Choetech Solar Panel Charger is a 19W solar panel, that can convert about 21.5 to 23.5% of solar power, and deliver up to 2.4 A charge. **Waterproof Solar Power Bank:** Poweradd Apollo 2 Solar Phone Charger delivers 2.4A per port and the housing made up of IPX7 waterproof material.
