Why should you choose a solar installer in Baton Rouge?

Installing a solar panel system is an exciting project that many homeowners find beneficial for their wallets, communities and the planet. Plus, forward-thinking leadership has stimulated a growing solar market, and plenty of the best solar companies are hoping to capitalize on it. That's why Baton Rouge offers so many options for solar installers.

Are solar panels a good investment in Baton Rouge?

In Baton Rouge, you can reduce your carbon footprint by 80 pounds a year with solar panels. As you can see, investing in solar has so many other benefits beyond saving money. One of the main ones is that you can help save the environment too. Which solar panel installer is the best in Baton Rouge?

How much does solar cost in Baton Rouge?

The average price of solar is about \$1.9 to \$2.86 per watt in Baton Rouge, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.
