

Is New Delhi serious about solar energy?

The revision is a sign that the country is serious about solar energy. New Delhi's solar policy sets 6,000 MW of solar capacity as its target by 2025. This will increase Delhi's share of solar energy from 9% to 25% in three years. In its 2016 solar policy, the government set a target of 2,000 MW for solar power installations by 2025.

What is Delhi solar energy policy 2023?

The Delhi Solar Energy Policy 2023 (hereafter, 'the policy') was notified in March 2024 with the goal of increasing installed rooftop solar capacity to 750 MW within the state and accessing utility-scale solar capacity of 3,750 MW from outside the state.

Does Delhi have solar power?

Delhi has immense solar potential, as the region experiences over 300 sunny days. Why not use this sunlight raining down on us, and turn it into usable electricity that can power our building? However, navigating through policies and subsidies can be daunting, especially if you're new to the world of solar energy.

Does Delhi need solar energy in 2022?

Delhi is a populous city. In 2022, the state's electricity demand peaked at 7.6 GW in December. Can this rising demand be met through solar energy? Yes, it can! The current installed solar capacity in the city is 213 MW. However, the state government also sources a massive amount of clean energy from out-of-state solar parks and farms.

What is Delhi solar policy?

All government buildings with an area of 500 sq. m or above will have to install solar panels in the next 3 years. The policy also encourages new deployment models including community solar and Hybrid RESCO that help in overcoming space and financial constraints of solar installation. (Read More about Delhi Solar Policy here)

Does Delhi have a potential for rooftop solar?

This is because due to the dearth of space, the scope for utility-scale solar projects in the city is limited. But, the potential for rooftop solar on the other hand is very high. Studies have shown that Delhi has over 2.5 GW of potential in the rooftop solar segment.

Evaska Energy, a leading solar power installation company in Delhi NCR, offers rooftop solar setups at affordable prices. become energy independent. + 91 9650 728 179 hello@evaskaenergy
