

Who is Toowoomba solar centre?

Toowoomba Solar Centre is also proud to be recognised by SMA as an SMA PowerUP Trusted Solar Energy Partner. Get in touch today for more information. Our team at Solahart Darling Downs will work with you to ensure you install the right solar system to suit your needs.

Is Toowoomba suitable for solar energy investment?

Toowoomba has consistently been among Australia's top ten postcodes for PV uptake, making it a good place to invest in solar energy. The Toowoomba Regional Council has also been supportive of solar energy, approving the construction of a solar farm in 2015, which could potentially be as large as 2,000 megawatts.

How can solar installation companies in Toowoomba get listed for free?

If you're a reputable solar installation company in Toowoomba, you can apply here to be listed for free. To get quotes from these installers, select up to 3 businesses and then hit 'Get Quotes From Selected Companies'. Other useful information about installing solar panels in Toowoomba is below the list.

How many solar panels are there in Toowoomba?

As of June 2018, more than 8,800 small-scale solar systems representing close to 32MW of combined capacity have been installed in Toowoomba households and residents.
