

How many Solartech franchises are there in South Africa?

A closed and limited public offering of 60 franchises is available within Southern Africa. Our goal is to align with Eskom initiatives and install Solar Solutions into 25 - 35% of all homes by 2030 - currently those numbers are below 1%. Solartech is the first and currently the only 'Solar Energy Solutions' National franchise in South Africa.

Why should you become a GC solar franchisee?

At GC Solar, we believe that becoming a franchisee with us is a game-changing opportunity for passionate individuals who want to make a difference in South Africa's clean energy revolution. Becoming a GC Solar franchisee is not just about running a business; it's about being part of a movement towards a greener and brighter future.

Why should you franchise a solar geyser & heat pump?

Providing a full range of products across solar PV systems, solar geysers and heat pumps, our franchisees get the support and credibility that comes with being part of a national group with an 11 year track record, an enviable market reputation and having the technical, operational and sales support needed to be successful in this industry.

How much does a Solartech franchise cost?

When you become a franchise owner with Solartech, you automatically inherit the brand muscle that has taken 5 years to develop. The important thing to remember about branding is that it is an on-going process with a continuous goal of remaining relevant and top-of-mind. Initial Franchise Fee R57 500( Ex Vat).

How many homes will Solartech install by 2030?

Our goal is to align with Eskom initiatives and install Solar Solutions into 25 - 35% of all homes by 2030 - currently those numbers are below 1%. Solartech is the first and currently the only 'Solar Energy Solutions' National franchise in South Africa. Solartech offers the latest Solar energy solutions to help combat global warming.

Why should you join a solar company?

Join our rapidly growing network of trained solar professionals meeting the needs of the new green economy. As one of potentially 40 national partners, you have immediate access to a wealth of knowledge; unlike some companies we see our failures as opportunities for discussion and growth.
