How many solar panels have we installed in the Sunshine Coast?

In the last decade, we have installed close to 5000 solar and battery systems right across the wider Sunshine Coast and Noosa region, as far as Gympie in the North and throughout Brisbane area in the South. Taken all together, our experience has seen us install over 100,000 quality panels on the roofs of Sunshine Coast homes and businesses.

Should you invest in solar energy on the Sunshine Coast?

You may want to go green or cut your energy costs. The climate here on the Sunshine Coast is perfect for solar energy. However, investing in solar power requires various considerations: How many panels are necessary? What power level is optimal? What about cloudy days? Is a battery storage system crucial? And what's the expected payback period?
