

What is 'Solar Power' song?

The song 'Solar Power' is a new track co-written and co-produced with Jack Antonoff. It is Lorde's first new music since 2017 and sounds tailor-made for lounging on the beach.

Is solar power a good album?

"Solar Power" makes a lot more sense now that it's grounded by the added dimensions of all the other songs on the album. Even though its slightly shallow sound is always a little at risk of fading into the background, Solar Power's lead single serves as a fun, nourishing look into the emotional high points of the album.

Is solar power a 'deep and shallow' album?

Solar Power might well be seen as just that: an album to kick back with on a summer's day. But there is, as Lorde puts it, "deep and shallow" to this record. There are meditations on celebrity culture ("California") and the wellness industry ("Mood Ring"), alongside sorrow for the destruction of the natural world.

When did Lorde release solar power?

It's been almost four years since Lorde released Solar Power, which dropped back in August 2021 (and at the time marked Lorde's first LP since 2017's celebrated Melodrama). Fans have been eagerly anticipating new music since at least last summer, when a few other tidbits and teasers appeared online.

What's new in Lorde's 'solar power' album?

The New Zealand star's third album continues her winning streak, as she blazes a trail through the pop landscape with a beautiful paean to nature. Solar Power is a new era for Lorde, matured as she turns her consideration outwards towards her role in fan's lives, while still leaving space for her signature confessional lyrics.

What is Lorde's third album solar power about?

Lorde's third album Solar Power was born out of an epiphany. "I was very much raised outdoors by the beach, in the ocean, outside," the Aotearoa New Zealand pop titan tells Apple Music. "But it wasn't until I got my dog that I understood how precious the natural world is and how many gifts there are for someone like me to receive.
