

When did Lorde release solar power?

It's been almost four years since Lorde released Solar Power, which dropped back in August 2021 (and at the time marked Lorde's first LP since 2017's celebrated Melodrama). Fans have been eagerly anticipating new music since at least last summer, when a few other tidbits and teasers appeared online.

What makes solar power different from 'Pure Heroine' and 'melodrama'?

'Solar Power' reflects Lorde pulling from Earth not just lyrically, but musically too. Where 'Pure Heroine' and 'Melodrama' were filled with euphoric synths and crisp digital sounds, this album peels away all our technological advances and relies on more organic sounds.

What does Lorde say when the heat comes?

"But when the heat comes/ Something takes a hold." Lorde revels in the environment throughout the album, whether she's suggesting jumping off Bulli Point on her home country's Lake Taupo on album closer 'Oceanic Feeling' or looking to the skies for answers on 'The Path'.

Why does Lorde sing 'Big Star'?

It's a gentle, generous song that softly urges Lorde to keep going and get through her pain, nudging her to trust in her instincts and believe in the answers she holds inside herself. Pearl pops up again on the reverent 'Big Star', which pays tribute to the pure, non-judgmental relationship between pet and owner.

Is solar power a good album?

'Solar Power', though, doesn't feel like a record that will suffer that same fate - this is an album that grows in quiet stature with every listen, new nuggets of wisdom making their way to the surface, peeking through its beautiful instrumentation that weaves a stunning, leafy tapestry.

What does Lorde say on 'secrets'?
