

Why should you choose a solar installation company in Aurora?

You can also help preserve the environment, which some would argue is invaluable. Which solar installation company is the best in Aurora? In Aurora, ION Solar - Colorado is the best local solar company. Our team of experts rates it 4.10 stars, so it's a great choice if you're looking to install solar panels on your home.

Who is the best solar company in Aurora Colorado?

In Aurora, ION Solar - Colorado is the best local solar company. Our team of experts rates it 4.10 stars, so it's a great choice if you're looking to install solar panels on your home. Are solar panels actually eco-friendly? Solar panels can be detrimental for the environment when manufacturers use toxic chemicals when they're made.

Should you get a solar loan in Aurora?

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use the incentives (tax credits, rebates, etc.) available in Aurora, rather than a leasing company retaining them.

What are the best Solar Lease companies in Aurora?

Plus, SunPower guarantees the energy output from the system you lease, which is an additional protection that other companies don't always provide. Sunrun is another big name you'll likely come across when researching solar leases in Aurora.

How much does solar cost in Aurora?

Make sure you know both the total cost of the system and the price per watt of solar installed. The cost per watt makes it easier to compare prices between quotes and gives you a better idea of how fairly the system is priced. The average price of solar is about \$2.01 to \$3.01 per watt in Aurora, so anything in that range is a fair price.

Should I buy a solar battery in Aurora?

If your utility doesn't have full retail net metering or uses time-of-use rates, a battery can also save you more money on your electricity bill. Ask your solar company about the benefits of having a solar battery in Aurora and if the upfront cost is worth the investment. How can you pay for solar panels in Aurora?
