

Is solar power a good album?

"Solar Power" makes a lot more sense now that it's grounded by the added dimensions of all the other songs on the album. Even though its slightly shallow sound is always a little at risk of fading into the background, Solar Power 's lead single serves as a fun, nourishing look into the emotional high points of the album.

How long does Lorde's 'solar power' album Take?

Her first full-length effort in four years. Lorde has finally released Solar Power,her first full-length album in four years. Clocking in at approximately 45 minutes,the 12-track project was primarily produced and written by Jack Antonoff and Lorde.

What's new in Lorde's 'solar power' album?

The New Zealand star's third album continues her winning streak, as she blazes a trail through the pop landscape with a beautiful paean to nature. Solar Power is a new era for Lorde, matured as she turns her consideration outwards towards her role in fan's lives, while still leaving space for her signature confessional lyrics.

Is solar power a good band?

Solar Power offers a sunny disposition with the warmth of its plucked guitars, full harmonies and sharp shakers, with a lot of the young artist's lyrical content encapsulates her longing to escape into the season of summer and staying under the radar.

What does solar power feel like?

There's a subdued quality to Solar Power that feels a lot like caution,or just self-protection -- a deliberate retreat from the raw,unfiltered verve of her earlier output into the safer remove of a wry bystander more at ease with cool observation than confessional bloodletting.
