

Who is Solar Power Store?

Solar Power Store is a company dedicated to making renewable solar energy solutions accessible to all Canadians. They offer a complete line of quality solar power equipment and a full suite of design, installation, permitting, and support services for Canadians from coast to coast.

Who is Solar Power Store Canada?

Solar Power Store Canada is a dealer of Growatt inverters throughout Canada. Their mission is to provide Growatt products at competitive prices and make the use of Growatt inverters simple through kits, resources, and technical support.

Does solar power store sell solar panels & batteries?

At Solar Power Store, we sell solar panels and batteries as well as solar panel hardware and the accessories necessary for setup, like solar panel cables, connectors, combiners, and auto transformers.

What is a solar string inverter?

Solar string inverters are electrical devices that convert the direct current (DC) generated by solar panels into alternating current (AC) that businesses can use. They are usually installed in a string formation where multiple solar panels are connected in series to form a single circuit.
