

What are outdoor solar powered candles?

Outdoor Solar Powered Candles by LAMPLUST LAMPLUST provides a set of 3 different sized melted-edge pillar candles that use solar panels to produce warm white LED light. The product is made up of resin (plastic) and comes with a white, smooth matte finishing. This makes them reasonably weatherproof.

How do solar-powered LED flame window candles work?

Enjoy the classic ambiance of the solar-powered LED flame window candles. These flameless candles can be mounted to any window or stand on their own. The solar panel charges during the day and at night the LED candle tip automatically illuminates and flickers like a real flame. Overall Product Weight: 1lb. So easy, so beautiful!
