What does Solarium specialize in?

Solarium is a Globally Recognized Leading Solar Energy Solutions Provider Specializing in Comprehensive EPC Solutions in Solar Projects.

What is a modern solarium?

A modern solarium, as seen in this addition to a single family home in Sunrise, Florida, consists of skylights, travertine floors, exposed tongue and groove ceilings, and sliding glass doors. This design maximizes the relationship between the interior and exterior.

What is a solarium and how does it function?

A solarium is a room full of light and breathtaking views, ideal for afternoon teas, breakfasts, or breakout meetings for up to 16 guests. It is solar-cooled with insulated glass windows, ensuring premium temperature control, regardless of the season. An adjacent intimate courtyard offers a breath of fresh air just a few steps away.

Is solar irradiation free?

Solar irradiation is a free source guaranteed by its inexhaustibility. Greatly reduce or eliminate expensive electrical bills. The Solar PV plant cost is eligible for 80% accelerated depreciation advantage in the very first year, which leads...
