

What is a lotion bar?

Unlike conventional body lotions that are thick and creamy in consistency, lotion bars are solid at room temperature and are typically packaged like a bar of soap or housed in a tube-like container. You'll also usually find them made with natural ingredients like beeswax, cocoa butter, or shea butter and produced without water.

Are body lotion bars compostable?

Solid body lotion bars are readily available in compostable or recyclable cardboard packaging. These lotion bars can last more than a couple of months depending on their size -- and they are made with no water. Nearly all of them are created with natural, organic, and clean ingredients that you can feel good about using on your body.

Are body lotion bars recyclable?

Body lotion is among the products that we buy regularly. Most of these, found at local box stores, come in plastic tubes and bottles. But these aren't our only options. Solid body lotion bars are readily available in compostable or recyclable cardboard packaging.

Is there a plastic-free body lotion bar?

If you ask ATTITUDE, there isn't one. Their Leaves line of plastic-free body or hand lotion bars combine the thick, rich moisturizing power of body butters with the mess and waste-free convenience of a bar. About ATTITUDE

What is the best organic body lotion bar?

Bee You Organics' top-rated organic body lotion bar is a favorite among men, women, and kids alike due to its abilities to soften skin. Among its all natural ingredients you'll find beeswax, unrefined shea butter, coconut oil, and sweet almond oil.

What is organic lotion bar?
