

Which company manufactures Sungrow inverters?

Sungrow Inverters are manufactured by Sungrow Power Supply Co Ltd. There are 39 of their inverters approved by the Clean Energy Council for the Small-scale Renewable Energy Scheme, which is Australia's home solar rebate program.

How well does the Sungrow solar inverter perform?

The Sungrow solar inverter works great and handles the interaction between the Grid, PV-system, and Battery admirably. The app provides real-time data on how much energy my panels are generating. All good. Very pleased with Roy's recommendations leading to this choice.

How many Sungrow inverters are there in Australia?

There are 39 of Sungrow Inverters approved by the Clean Energy Council for the Small-scale Renewable Energy Scheme, which is Australia's home solar rebate program. The majority of the listed inverters are available in Australia.

When does the warranty period for Sungrow inverters commence?

The warranty period for Sungrow inverters commences on the date the inverter is installed, or 6 months after the date of production, whichever occurs first. Most current residential Sungrow inverters come with a 10-year manufacturer's warranty while some of their older models came with a 5-year warranty.

What is the max efficiency of Sungrow's CEC Approved inverters?

Sungrow's CEC Approved inverter models range in max efficiency from 97.7% to 98.6%, with the majority of the models over 98%. This places Sungrow Inverters towards the top of the residential inverter market based on efficiency. Residential inverter efficiency standards are generally 95 to 98 percent.

How can I monitor my Sungrow inverter performance?

To monitor the performance of your Sungrow inverter, you can use the iSolarCloud app available on both iPhone and Android devices. Additionally, most CEC-approved Sungrow inverters in Australia come with a standard 5-year manufacturer's warranty.
