

What makes Sungrow inverters reliable?

Sungrow inverters are some of the most reliable on the market, offering a wide range of hybrid energy storage and solar inverters. The popular inverters from Sungrow have proven to be cost-effective, while the SBR battery is one of the best-value modular battery systems.

Are Sungrow solar inverters the 'best value inverter' in Australia?

Sungrow solar inverters were recently voted 'best value inverters' in Australia. Here's a deep dive into their residential inverter offerings.

What is a Sungrow SH5/6.0RS solar inverter?

SH5.0/6.0RS is a single-phase solar hybrid inverter from Sungrow, with a power range of 5kW to 6kW, designed for home use.

Which company manufactures Sungrow inverters?

Sungrow Inverters are manufactured by Sungrow Power Supply Co Ltd. There are 39 of their inverters approved by the Clean Energy Council for the Small-scale Renewable Energy Scheme, which is Australia's home solar rebate program.

What is a Sungrow RT series solar inverter?

A Sungrow RT series inverter is a 3-phase solar inverter designed for residential solar systems and small businesses. It has an output capacity ranging from 5kW to 20kW and reaches an impressive maximum efficiency of up to 98.5% for its 20kW model.

How many solar inverters does Sungrow produce a year?

Sungrow has an annual inverter production capacity of 145GW. In 2021, they shipped 47GW of solar inverters, which was around 30% of world production. Most of these were for large solar farms, but they also produced 50,000 string inverters for residential and commercial use.

Upgrade your home with a home solar power system from Sungrow. Our professional teams offer the best home solar energy solutions for any budget or location, helping you switch to a ...
