

What happened to Titan solar power?

Titan Solar Power, a large US residential solar installer, unexpectedly ceased operations on June 13, 2024. The Chandler-based solar company, founded in 2013, filed for Chapter 7 bankruptcy protection on June 20. The company reported having between 5,001 to 10,000 creditors. Kyle Beddome is listed as the company's business owner.

Why is Titan solar's 25-year warranty void?

As economic conditions tightened and borrowing costs increased, the financial pressure on both Titan and its dealers intensified, exacerbating cash flow issues and operational inefficiencies," said Agopian. Customers of Titan Solar are now left in a situation where their 25-year workmanship warranty is now void.

Is Titan solar closing its doors?

Titan Solar, which installed thousands of systems across the U.S., informed its employees June 13 that it was "closing its doors," having failed to secure a buyer for the company, according to an email obtained by TIME. In the email, Titan said that it had helped over 100,000 households go solar.

Does Titan sell solar?

With tens of thousands of residential solar installations across 16 states, Titan established itself as a formidable player in the solar industry, largely through its extensive Solar Dealer program. This approach involved partnering with numerous solar sales organizations that sold solar systems on Titan's behalf.

Does Titan solar power service a solar system?

While Titan Solar Power is no longer directly responsible for servicing these systems, you can contact the equipment manufacturers for warranty related issues. For ongoing maintenance or service of your solar system, Forme Solar can assist in diagnosing and repairing your system to ensure continued energy production.

2.

Why did Titan solar power restructure its operations in 2023?
