

Who is Titan solar power?

Titan Solar Power was founded in 2013 by David Williamson and Kyle Beddome in Mesa, Arizona. Since its inception, Titan has expanded rapidly to 16 states in the southern U.S. and along the East Coast.

Is Titan solar a good solar company?

The company also noted it would "no longer be supporting new Leases and PPA sales nor new project installations of these financing options." Titan Solar Power is one of the best-known solar companies in many parts of the country and is often cited as the number one solar installer by volume in the country.

Is Titan solar power a bad company?

Unfortunately, Titan Solar Power has a bad reputation for customer service. The company has accrued more negative reviews than positive ones owing to lack of communication and follow-up, poor attention to detail, poor customer service -- especially following installation and payment -- and other related issues.

What services does Titan solar power offer?

Titan Solar Power has a large internal staff that handles installation and administrative services. Due to the sheer size of the organization, Titan Solar Power uses authorized dealers to help supply and install solar panels where they simply don't have the manpower.

Does Titan solar power cover commercial solar installations?

Titan also covers commercial solar installations and provides solar monitoring. The company's high growth rate is partly due to the use of door-to-door salespeople, which has gotten Titan Solar Power into trouble with homeowners in numerous states.

Why should you choose Titan solar power?

The advantage of a large, national solar power company is that they have reach in small cities that may not have much competition. They have completed over 33,000 projects and have installed over 220,000,000 watts. Titan Solar Power has a large internal staff that handles installation and administrative services.
