

Is Titan solar a good solar company?

The company also noted it would "no longer be supporting new Leases and PPA sales nor new project installations of these financing options." Titan Solar Power is one of the best-known solar companies in many parts of the country and is often cited as the number one solar installer by volume in the country.

Is Titan solar power a bad company?

Unfortunately, Titan Solar Power has a bad reputation for customer service. The company has accrued more negative reviews than positive ones owing to lack of communication and follow-up, poor attention to detail, poor customer service -- especially following installation and payment -- and other related issues.

Where is Titan solar power located?

Titan Solar Power specializes in residential solar panel installation plus ongoing maintenance and EV chargers. The company is headquartered in Arizona. Service areas extend to parts of the West, South, Midwest and Mid-Atlantic. How do I know I can trust these reviews about Titan Solar Power?

Does Titan install solar panels?

Since its inception, Titan has expanded rapidly to 16 states in the southern U.S. and along the East Coast. The company is commonly cited as the number one installer of solar panels by volume in the U.S., with over 33,000 residential solar panel system installations. Titan also covers commercial solar installations and provides solar monitoring.

What happened to Titan solar power?

Unfortunately, on June 19, 2024, after heavy rains, a leak started in the roof right where the solar panels are installed. I tried to contact Titan Solar Power's service and maintenance department, only to find out that the company has closed down, leaving me and many others in a situation of damage and helplessness. What actions can we take now?

How do I contact Titan solar power?

Most customers use the company's online contact form to request a consultation. A representative from Titan Solar Power -- or a third-party company Titan outsources to -- will connect with you shortly thereafter to discuss your home and your expectations for solar. In most cases, the first call will be a video chat.
