

Is Titan solar a good solar company?

The company also noted it would "no longer be supporting new Leases and PPA sales nor new project installations of these financing options." Titan Solar Power is one of the best-known solar companies in many parts of the country and is often cited as the number one solar installer by volume in the country.

Who is Titan solar power?

Titan Solar Power was founded in 2013 by David Williamson and Kyle Beddome in Mesa, Arizona. Since its inception, Titan has expanded rapidly to 16 states in the southern U.S. and along the East Coast.

What happened to Titan solar power?

Titan Solar Power, a large US residential solar installer, unexpectedly ceased operations on June 13, 2024. The Chandler-based solar company, founded in 2013, filed for Chapter 7 bankruptcy protection on June 20. The company reported having between 5,001 to 10,000 creditors. Kyle Beddome is listed as the company's business owner.

Is Titan solar power a bad company?

Unfortunately, Titan Solar Power has a bad reputation for customer service. The company has accrued more negative reviews than positive ones owing to lack of communication and follow-up, poor attention to detail, poor customer service -- especially following installation and payment -- and other related issues.

Does Titan solar power cover commercial solar installations?

Titan also covers commercial solar installations and provides solar monitoring. The company's high growth rate is partly due to the use of door-to-door salespeople, which has gotten Titan Solar Power into trouble with homeowners in numerous states.

How does Titan sell solar systems?

These dealers sold solar systems on behalf of Titan, which then managed the installations. The financial arrangement involved a pricing model, where Titan charged a fee for the completion of the project, and dealers kept the remaining amount as their commission.
