

What is UiTM solar park I?

Commissioned in April 2019, the UiTM Solar Park I is a 50 MW Large Scale Solar Plant in Gambang, Pahang, owned and operated by UEFSB, via its Special Purpose Vehicle, UiTM Solar Power Sdn Bhd. With this project, UiTM is the world's first university to finance a green project via the issuance of ASEAN Green SRI Sukuk.

Is UiTM solar (UiTM solar) a sustainable and Responsible Investment Sukuk?

Access the full report here. MARC Ratings has affirmed its rating of A+IS on UiTM Solar Power Sdn Bhd's (UiTM Solar) outstanding Green Sustainable and Responsible Investment Sukuk of RM182.3 million and revised the outlook to positive from stable.

What is UiTM energy & facilities?

UiTM Energy & Facilities spearheads the development of the nation's Renewable Energy industry by investing in, financing and owning Renewable Energy assets and projects. This encompasses large scale solar power plants, bio energy plants, solar rooftop installations as well as energy performance contracting solutions.

Does UiTM solar have a major outage?

MARC also notes that since UiTM Solar's holding company, UiTM Energy and Facilities Sdn Bhd, took over the operations and maintenance of the plant in October 2019, there has been no major outage. Accordingly, UiTM Solar posted higher than expected revenue of RM17.6 million for 1H2020, about 55.8% of the projected full 2020 revenue.

Who is UiTM energy & facilities Sdn Bhd (uefsb)?

COMPANY UiTM Energy & Facilities Sdn Bhd (UEFSB) is a company with a vision to become a Leader in the Energy Industry via Technology and Digitalisation of Renewable Energy. UEFSB envisions itself as a Disruptor of the Energy industry in Malaysia, by Pioneering in the Generation, Aggregation and Distribution of Renewable Energy.

What is the outlook for UiTM solar & Tenaga Nasional Berhad (TNB)?

The rating outlook is stable. The rating is mainly driven by UiTM Solar's 21-year power purchase agreement (PPA) with Tenaga Nasional Berhad (TNB) under which the demand risk is largely eliminated as the national power company will purchase the energy generated by UiTM Solar's 50MW solar photovoltaic plant at a fixed tariff.
