

Is Uniden upp80s a good solar power bank?

The Uniden UPP80S solar power bank is a geek gift. It is certainly one of the more useful power banks. The Uniden UPP80s is an 8000mAh battery with a monocrystalline 20 micro-panel solar charger,two USB-A ports (5V/2.1A total),a micro-USB port (also for charging),a 2x LED flashlight,compass and IP54 water/dust resistance.

Does Uniden have a solar power bank?

Well boy,do Uniden have an answer for you. The UPP80S(say that five times...) is a solar power bank. As is extraordinarily evident from the photos you see here,the face of this device is covered in solar panels that charge the 8,000mAh battery in direct sunlight. It comes with two LED flashlights and a compass for those who did scouts.

What is unidens upp80s?

Unidens UPP80S is an innovative Portable Solar Power Bank. Versatile and powerful with smartphone and tablet charging capabilities,with dual solar and USB top up capabilities.

How do I charge my Uniden upp80s?

That isn't feasible as a primary power source,which is why Uniden recommend charging the UPP80S via microUSB and allowing the solar panels to keep it topped up. It has two USB ports that allow for simultaneous charging. Uniden recommend using this for tasks such as keeping your dashcam powered while away from the car.

Is upp80s a good portable power bank?

This provides complete versatility for a diverse range of user requirements in various circumstances, making it an extremely convenient portable power bank.The UPP80S power bank is a must have accessory for outdoor activities.
