

# University has free charging station for car

Where can I find free electric car chargers?

Some highly populated shopping plazas and hotels offer free electric car chargers. For instance, Whole Foods stores have partnered with Blink Charging for free charging, although this was in effect back in 2019 and may no longer be the case. Many major hotel chains also offer free electric car charging.

How can I find electric vehicle charging options?

To find electric vehicle charging options, you can use apps such as PlugShare and EV Passport. These apps can tell you the location of a charger station and the type of charger it offers. They might also alert you when a location is offering free charging.

Do hotels provide free electric car charging?

Many major hotel chains offer free electric car charging. However, the charging might be included in other fees such as a valet fee or parking fee. Drivers could avoid this with a validated parking ticket, but that might cost you a hotel lunch.

Do charging stations offer free charging on holidays?

Historically, charging stations have offered free charging ahead of holidays such as Fourth of July, Earth Day, and Labor Day weekend. Keep an eye on social media for similar offers on holiday weekends. These are major travel holidays, especially for automotive travel.

How can I avoid charging my car at a roundabout?

If you want to avoid charging your electric car at a roundabout, car dealerships probably have a free charger you can use. There might be a valet or parking fee at some charging stations, which could be avoided with a validated parking ticket, but that might come with additional costs.

Do some restaurants have EV chargers?

Some high-volume restaurants, such as Perkins and McDonalds, might offer one or two EV chargers. This can provide you with some extra miles while stopping for a snack. However, not all restaurants, like Taco Bell in California, offer free charging.
