

How long does a Vuse solo battery last?

Each cartridge is nicotine salt-based, and holds 0.5mLs of e-liquid vape juice, blended in the USA. Because of its sleek and slim design, VUSE Solo power units house a 270mAh rechargeable lithium-ion battery that powers the e-cigarette. The battery has a lifespan of about 200 puffs per charge, but may vary depending upon usage.

What is a solo power unit?

Solo provides a consistent vaping experience. The Solo power unit includes the lightweight and compact Solo device and USB charger. Cartridges sold separately. Launched in 2013, Solo was the first truly digital vapor e-cigarette. Solo features QuickConnect™; allowing you to simply click to connect. Less work and more time vaping.

What is Vuse solo?

First launched in 2013, VUSE Solo was the first truly digital vape pen device to hit the market. The Solo is a cartridge-based vaping system that is simple-to-use and FDA approved. VUSE products are designed and available for usage, solely for adult vapers who are over the legal age of 21.

What is a Vuse solo cigarette?

The VUSE Solo is similar in size and appearance to a traditional cigarette. The power unit has a slim metallic frame and built-in smart tech auto-draw technology, and is only compatible with Solo vape cartridges. Each cartridge is nicotine salt-based, and holds 0.5mLs of e-liquid vape juice, blended in the USA.

How much does a Vuse solo cost?

If the cigarette form factor is what you're looking for, the Vuse Solo would likely catch your eye first. But besides the form factor, is there a reason you should buy this one over another? Price: \$20.24 (for the starter kit), \$8.99 (for a pack of two cartridges) The Vuse Solo is an electronic cigarette.

How do I attach a vape cartridge to a Vuse solo power unit?

VUSE Solo units have a QuickConnect™; snap & go feature, to change out old cartridges for new ones. To attach a vape cartridge to a VUSE Solo power unit, follow these steps: 1. Prepare the Cartridge: Remove the cartridge from its packaging and take off any protective caps from the ends. 2.
