

Does Washington State have a solar tax credit?

Washington State residents can take advantage of the Federal Solar Tax Credit and get a discount of 30% of the cost of their solar system applied to their next tax return. This sales tax exemption provides residential and commercial purchasers of solar panels with an average sales tax exemption of 6.5%, saving consumers an average of \$1,749.

Should you buy a new solar energy system in Washington State?

With solar power, you can generate large amounts of electricity and save yourself thousands of dollars per year in utility bills. There has never been a better time to buy a new solar energy system in Washington State.

How much does a 5 kW solar system cost in Washington?

The Residential Clean Energy Credit, formerly known as the federal investment tax credit (ITC), can reduce your solar panel system's cost by 30%. Your entire system qualifies for this incentive, including equipment, labor, permitting, and sales tax. The average cost for a 5 kW solar panel system is around \$13,601 in Washington.

Is Washington State a good state for solar energy?

Washington State is now a superstar in the world of renewable energy. Thanks to its Renewable Portfolio Standard goals that incentivize the use of industrial, commercial, and residential solar power, it has become incredibly accommodating to solar energy production.

Does Washington have a solar tax exemption?

The exemption is available through 2029 and can exempt sales taxes for the purchase of machinery, equipment, and installation of solar energy systems. For more information, visit the Washington Department of Revenue's website. The federal government first enacted a solar investment tax credit (ITC) in 2006.

Are solar panels tax deductible in Washington State?

In Washington State, solar panels are not tax deductible. However, there are other benefits to installing solar panels, such as a sales tax exemption for qualifying solar equipment (ESS Senate Bill 5116) for systems smaller than 100 kilowatts from July 2019 through December 2029.
