

What happened to Titan solar power?

Titan Solar Power, a large US residential solar installer, unexpectedly ceased operations on June 13, 2024. The Chandler-based solar company, founded in 2013, filed for Chapter 7 bankruptcy protection on June 20. The company reported having between 5,001 to 10,000 creditors. Kyle Beddome is listed as the company's business owner.

Did Titan solar go out of business?

Two years later, the panels have never been switched on and the company that installed them--Titan Solar--has abruptly gone out of business, leaving Palmer with a shiny but useless array on her roof.

Why did Titan solar power restructure its operations in 2023?

They offered a wide range of services, including solar system design, installation, and maintenance for residential and commercial properties. However, in 2023, due to increased operational costs, labor shortages, and warranty claims, Titan Solar Power announced its decision to restructure its operations.

Did Titan solar power mislead customers?

**WATCH:** Embattled firm Titan Solar Power goes out of business In recent weeks, Channel 13 has been actively listening to close to a dozen Titan customers who say they were misled. Gill's situation is similar to many others. She agreed to a loan of nearly \$70,000 for her solar panels, which were placed on her home's roof.
