

Who is Deye in the solar inverter industry?

Deye is a major player in the global solar inverter market. Founded in 2007 with registered capital of 205 million RMB (over 30 million USD), it is one of China's high-tech enterprises and a subsidiary of Deye Group. The company's factory covers over 15,000m<sup>2</sup>; and has complete production and testing equipment.

Who makes Deye inverters?

However, the company's primary focus is on photovoltaic systems, in particular the development and manufacture of complete residential solutions utilising photovoltaic system inverters, batteries, and microinverters. JA TECH is an official distributor of Deye inverters.

Who is Ningbo Deye inverter technology?

Ningbo Deye Inverter Technology Co., Ltd. was founded in 2007 and is currently a leading company operating on the global solar market. The company prioritises innovations, a global vision, and a forward-looking approach.

Who makes Deye fusion & sunsynk inverters?

Who Manufactures Deye, Fusion & SunSynk Inverters? Ningbo Deye Inverter Technology Co., Ltd. (Deye) manufactures the SunSynk Inverters, hence the likeness in appearance and the inverters' near identical parameters.

Are Deye solar inverters a good choice?

Their inverters are renowned for their reliability, efficiency, and advanced technology, making them an ideal choice for both residential and commercial solar installations. Deye's commitment to innovation is evident in the continuous improvement of their products, ensuring they remain at the forefront of the market.

What happened to Deye inverters?

In April 2021, Deye was successfully listed on the main board of Shanghai Securities Exchange, marking its formal entry in a new lane of rapid development. The sales of Deye inverters in overseas markets has grown exponentially, reaching RMB 334 million.
